XURRA AND OJOS NEGROS GREENWAYS	89

INTRODUCTION

The “**Greenways Outdoor**” project consists of the creation and transnational promotion of an outdoor tourism product linked to European greenways, and the capacity building of SMEs located in their vicinity so that they can tailor their services to the demands of customers and so become more competitive.

The project’s general objective is the diversification of the tourism offer in Europe by generating new, greenway-related products and capitalizing on existing ones, thereby improving the competitiveness of the European greenway-based tourism industry, together with the joint promotion of greenways tourism products to make them better known internationally and so attract more visitors. The aim is also to strengthen public and private cooperation to facilitate the creation and promotion of the greenways tourism product.

In the framework of this project, the Spanish Railways Foundation (FFE) in collaboration with European Greenways Association (EGWA) has prepared this tourism product catalogue on greenways. The partners of the project have also participated in its creation. Products generated in the course of the project have been included as well other pre-existing greenway tourism products.

The new greenway-related tourism product packages generated in the framework of “Greenways Outdoor” have been produced using the tourist product methodology developed in the previous project, “Greenways Product”, co-funded by the European Commission’s COSME Programme and coordinated by FFE. The catalogue resulting from this project already included some initial offers on greenways.

The information came directly from the tourism providers who responded to the call to contribute to the catalogue by providing their offers on greenways, and from other products already available on-line selected by the team that produced the catalogue. An extra effort has been made to include itineraries of recognized standing from other European countries not represented in the project, especially greenways that have won the European Greenways Award.

The catalogue includes 63 packages from 14 different Spanish Greenways.

Current tourism packages offer greenways as a main offer either on their own or in combination with other cycle routes (with shared traffic). But in all cases all the products include greenways, and the offers are aimed at a large target of potential customers.

These tourism packages include information about the actual greenway, the services offered (accommodation, hospitality), any complementary services (bike rental, baggage transport, etc.), cultural resources and activities in the area (visits to museums, outdoor activities, etc.), and a guide to reference prices.

We hope that this catalogue will help develop sustainable tourism on and around European greenways and encourage all kinds of "outdoor" tourists to discover and enjoy the diversity of Europe through its greenways, thanks to the extensive existing offer and the new and attractive products that will no doubt be available in the future.

Greenways are independent non-motorized routes, mainly using disused railways and canal towpaths. Safe, accessible and very attractive, they provide easy access to areas of outstanding natural beauty (e.g. mountainous areas, by way of tunnels and viaducts). There are thousands of kilometres of greenways in Europe with a great potential for development, and they are a very useful tool for the development of tourism in rural areas.

The "Greenways Outdoor" project is developed under the COSME program of the European Union for the competitiveness of Small and Medium Enterprises (SMEs). Coordinated by the European Greenways Association, the project is being implemented by 10 partners from five countries.

- European Greenways Association (Coordinator, Europeanlevel)
- Spanish Railway Foundation (Spain)
- Via Verde de la Sierra Foundation (Spain)
- Vidzemes Tourism Association (Latvia)
- Comunidade Intermunicipal Viseu Dão Lafões (Portugal)
- Gruppo di Azione Locale (GAL) Polesine Delta delPo (Italy)
- Tourismusagentur Ostbelgien (Belgium)
- Rutas Pangea (Spain) -SMEs
- Diversport (Spain) -SMEs
- Dxocio (Spain) -SMEs

With a budget totalling 320,000 euros and a period of completion of 18 months, the "Greenways Outdoor" project was launched in June 2015 and will end in November 2016.

Further information about greenways and the project is available at www.aevv-egwa.org and www.greenwaysoutdoor.org

Co-funded by the COSME programme
of the European Union

ALCOI GREENWAY

The best of Valencian region

Xixarra, Alcoi, Safor, Serpis Greenways: Different sections of disused railway lines and other spaces		Region / Country: Valencia (Spain)		
What does this offer include?		Description of the offer		
<ul style="list-style-type: none"> • Itinerary: Sax – Bocairent – Alcoi - Font d'en Carròs – Cullera - Valencia. • 6 nights accommodation. 3*/4* hotels. • 6 Breakfast buffet style or substantial. • Detailed tour documentation: map of the tour, route description, points of interest (English, German, Italian or Spanish). • GPS (free of charge). • Trekking bicycle rental. • Local assistance on call from 9h to 18h. • Luggage transfer service between your accommodations. 		<p>In the Valencian region there is a great diversity of settings, history, experiences, towns, villages, hamlets and landscapes to be encountered. This diversity is what you'll experience on a route which weaves together the rugged, mountainous terrain of the interior with that of the contrasting Mediterranean coastal plain.</p> <p>A considerable part of this route takes in the famous and tranquil, green pathway that winds its way to the sea. You'll pedal your way past fields, groves of fruit trees, vineyards and natural enclaves of exceptional beauty.</p> <p>Nature of the route has been designed to take advantage, as far as possible, of downhill slopes along valleys that start in the interior and wind their way towards coastal plains and the sea. The route hence does not demand a high level of fitness; notwithstanding this, we have different alternatives that can either shorten or lengthen a day's ride.</p> <p>Two thirds of the route goes along the former railway line which is most of it traffic free (84 kms). For the others we have chosen small quiet roads where cars are seldom seen.</p> <p>Approx. 221 - 288 kilometres by bike</p>

VÍAS VERDES DE GIRONA

What does this offer include?		Description of the offer		
<ol style="list-style-type: none"> 1. Three days cycling on the greenways in a self-guided tour. 2. Road books and maps to follow the route at your own pace. 3. Two nights accommodation in a 3 * hotel and a farmhouse. 4. Luggage transfer from one lodging to another. 5. Assistance during the trip. 6. Optional bike rental 		<p>This route is perfect for the ones who want to cycle the greenways while enjoying the landscape and lodging in charming accommodations. The first section of the Greenway allows you to discover the natural resources of La Garrotxa, such as the volcanic area or the quiet and lovely areas related to the rivers Brugent and Ter. Worth it is a stop in Girona, visiting the Cathedral or the ancient Jewish Quarter, one of the best preserved in the world. From here, the greenway drives you to the coast, reaching the Mediterranean Sea. The ride is easy and fun and you'll be passing through cropland and forests. The last part of the route crosses the Ridaura valley and runs gently down to the seaside town of Sant Feliu de Guíxols, where you can relax and enjoy the rest of the day at the beach.</p>

Bicisports Autobanell Vía Verde

Nombre de la vía verde: Val de Zafán, Terra Alta y Baix Ebre	Comunidad Autónoma/País: Teruel, Tarragona, Cataluña/España
---	--

¿Qué incluye esta oferta?	Descripción de la oferta
----------------------------------	---------------------------------

1. Alquiler de bicicleta + recogida
2. Alquiler de bicicleta + recogida + picnic
3. Alquiler de bicicleta + recogida + menú diario
4. Alquiler de bicicleta + recogida + menú fin de semana
5. Alquiler de bicicleta + recogida+ cata de vinos (4 vinos DO Terra Alta + explicación

Descubre la Vía Verde de la Val de Zafán, Terra Alta y Baix Ebre. El recorrido total es de 90 km. Se puede hacer en 1,2 o 3 días o por tramos. El más común es el de Horta de San Juan – Xerta. La ruta transcurre por la comarca del Matarraña, Terra Alta y Baix Ebre. Dentro del Parc Natural dels Ports, ríos, túneles y ermitas. A menos de una hora del Parc Natural del Delta del Ebro. Esta vía verde tiene mucha historia. Fue clave en la batalla del Ebro, ya que los túneles fueron utilizados como hospitales de campaña y refugios. El ferrocarril se conocía como “El Sacramento” ya que circulaba por zonas de viñedo. Los precios están calculados por un día de actividad.

Bicisports Autobanell Greenway

Greenway name: Val de Zafán, Terra Alta y Baix Ebre Greenways		Region / Country : Teruel, Tarragona, Cataluña/ Spain	
What does this offer include?		Description of the offer	
<ol style="list-style-type: none"> 1. Rental bicycle + shuttle service 2. Rental bicycle + shuttle service + picnic 3. Rental bicycle + shuttle service + daily menu 4. Rental bicycle + shuttle service + weekend menu 5. Rental bicycle + shuttle service + wines tasting (4 wines DO Terra Alta + explanation). 		<p>Discover the Greenway of the valley of Zafán, Terra Alta and Baix Ebre. The total distance of the ride is 90 km. This can be done over 1, 2 or 3 days, or in stages such as the most common Horta to Xerta of 32 km. The ride travels through the natural park of Els Ports alongside rivers through the counties of Mattaranya, Terra Alta and Baix Ebre. This is only 1 hour from the famous natural park of the delta of Ebre. This particular Greenway has a great amount of history because the tunnels were used as hospitals and shelters during the Spanish civil war in the Battle of the Ebro.</p>

XIXARRA GREENWAY

The best of Valencian region

Xixarra, Alcoi, Safor, Serpis Greenways: Different sections of disused railway lines and other spaces		Region / Country: Valencia (Spain)		
What does this offer include?		Description of the offer		
<ul style="list-style-type: none"> • Itinerary: Sax – Bocairent – Alcoi - Font d'en Carròs – Cullera - Valencia. • 6 nights accommodation. 3*/4* hotels. • 6 Breakfast buffet style or substantial. • Detailed tour documentation: map of the tour, route description, points of interest (English, German, Italian or Spanish). • GPS (free of charge). • Trekking bicycle rental. • Local assistance on call from 9h to 18h. • Luggage transfer service between your accommodations. 		<p>In the Valencian region there is a great diversity of settings, history, experiences, towns, villages, hamlets and landscapes to be encountered. This diversity is what you'll experience on a route which weaves together the rugged, mountainous terrain of the interior with that of the contrasting Mediterranean coastal plain.</p> <p>A considerable part of this route takes in the famous and tranquil, green pathway that winds its way to the sea. You'll pedal your way past fields, groves of fruit trees, vineyards and natural enclaves of exceptional beauty.</p> <p>Nature of the route has been designed to take advantage, as far as possible, of downhill slopes along valleys that start in the interior and wind their way towards coastal plains and the sea. The route hence does not demand a high level of fitness; notwithstanding this, we have different alternatives that can either shorten or lengthen a day's ride.</p> <p>Two thirds of the route goes along the former railway line which is most of it traffic free (84 kms). For the others we have chosen small quiet roads where cars are seldom seen.</p> <p>Approx. 221 - 288 kilometres by bike</p>
